

ENGINEERING & WORKSHOP
PRODUCT SHEET 2018

DIRT HAPPENS. LASER CLEANS UP.

ENGINEERING & WORKSHOP

MADE WITH
BIODEGRADABLE
RAW MATERIALS

Since the levels of perfumes and dyes incorporated in our products are minimal, it is deemed that the final dilution of the ingredients should not be harmful to the environment.

FLAMMABLE
SUBSTANCE

Certain products contain flammable substances. This icon indicates that the product has been deemed flammable.

LIQUID VOLUMES 5L (x4) | 25L | 210L **DRY POWDER VOLUMES** 5kg | 25kg

FLOOR CARE

1 ABSORB

A non-toxic, non-hazardous, biodegradable, granular product, for the effective absorption of oils, grease, fluids, pesticides, blood and beverages. Absorbs up to 4 times its own weight.

2 ATOMIC DEGREASER

A powerful, powder detergent and degreaser. It is water soluble and ideal as a water based degreaser, and can also be used for soak-tank degreasing in vehicle and mechanical workshops.

3 BE369

An excellent all surface cleaner and degreaser, ideal for heavy duty applications. It contains only biodegradable raw materials and is environmentally friendly. Dilute with up to 50 parts water.

4 BE50

An environmentally friendly, economical detergent containing only biodegradable raw materials. It is an effective general-purpose cleaner and degreaser for all applications. Dilute with up to 20 parts water.

5 BE501

A heavy duty cleaner and degreaser for removal of grease and grime from all surfaces. Dilute with up to 50 parts water.

6 BLAST OFF

A solvent based, ready to use engine cleaner, parts washer and floor degreaser. It contains an emulsifier which enables rinsing off with water after degreasing. Use as supplied.

7 BLAST OFF D

A solvent based, ready to use engine cleaner, parts washer and floor degreaser. Contains a solvent booster. Fully emulsifiable which enables rinsing off with water after degreasing. Use as supplied.

8 BRICK CLEANER

An acid based, water soluble product, specifically formulated for the removal of concrete and cement from face brick, clay brick, paving, tools and vehicles. Dilute with up to 10 parts water.

9 DISSOLVE

An alkaline, medium duty solvent detergent, specially formulated to dissolve oils, grease and grime from all surfaces. May also be used in hot and cold water pressure cleaners. Dilute with up to 20 parts water.

10 FLEET

A truck washing detergent and all purpose cleaner and degreaser, effectively dissolves and removes oil, grease and grime from all surfaces, without affecting sound paintwork. Dilute with up to 40 parts water.

11 FLOOR STRIPPER

A non-ammoniated, heavy duty cleaner, degreaser and floor polish remover, and an effective canvas cleaner. Can also be used in hot and cold water pressure cleaners. Dilute with up to 10 parts water.

12 FRESH

A pine fragranced disinfectant, deodoriser and cleaner for ablation areas. Use for regular maintenance and cleaning.

13 G3

A powerful, emulsifiable solvent degreaser for removing tar, bitumen, wax and latex by-products, and a heavy duty workshop floor cleaner. Ideal for cleaning cement pavers and service station forecourts.

14 GREASE EATER

A strong, emulsifiable solvent degreaser for the removal of oil, grease and workshop grime from engines, chassis, small parts and floors.

15 GREASE EATER (WATER BASED)

A highly concentrated water based degreaser. Dilute with up to 500 parts water.

16 HD100

A heavy duty cleaner and degreaser. Powerful and highly effective degreaser for the dissolving of heavy oil, grease and grime from all surfaces. Can also be used in hot or cold water pressure cleaners. Dilute with up to 100 parts water.

17 LASERWASH

An economical water based detergent for high pressure cleaning and degreasing. Very effective for removal of oil, grease and grime from all surfaces. Use in hot and cold water pressure cleaners. Dilute with up to 40 parts water.

18 MAXI FOAM

A highly effective, all surface, heavy duty cleaner and degreaser for heavily soiled areas. Dissolves heavy oil, grease and grime from engines, machines, floors etc. Dilute with up to 40 parts water.

19 PEATSORB

A lightweight, environmentally friendly product that absorbs, or encapsulates hydrocarbons on contact, rather than absorbing the oil through surface tension, including light and heavy oils, gasoline, diesel fuels, and refined hydrocarbons like polyester resins and paint.

20 PREPCLEAN

An economical, water based, all purpose cleaner and degreaser for removal of marks and soiling from all surfaces.

21 STONE CLEANER

An acid based cleaner for removing oil and grease from workshop floors. Effective in the removal of cement residues. Dilute with up to 5 parts water.

22 SUPERCHARGE

An eco friendly, super concentrated, heavy duty cleaner and degreaser containing a citrus extract. Cleans all washable surfaces that are heavily soiled. Dilute with up to 500 parts water.

23 SUPERCHARGE 50

An eco friendly, more ready to use, heavy duty cleaner and degreaser which contains a citrus extract. Cleans all washable surfaces that are heavily soiled. Dilute with up to 250 parts water.

24 TRAFFIC FILM REMOVER

A powerful, water based degreaser and cleaner. Ideal for engine, chassis and workshop equipment and floor cleaning, and degreasing of oil, grease and grime. Excellent for cleaning vehicles and removing road grime. Dilute with up to 60 parts water.

HANDCARE

25 BARRIER CREAM

A viscous cream for hand protection against oils, solvents and harsh chemicals that penetrate the skin. Leaves no residue. Suitable for all skin types.

26 ECONO HANDSOAP

A concentrated, pleasantly fragranced handsoap for use in dispensers. Use product as supplied.

27 FIVE STAR HAND CLEANER

A paste type hand cleaner containing a mild abrasive for the removal of oil, grease and grime. Contains moisturisers for the protection of the skin.

28 GRIT HAND CLEANER

A non-perfumed hand cleaner containing ground pumice for extra abrasion. Removes grease, grime and paint. Contains lanolin to prevent dry skin. Will not block drains.

29 HANDY

A smooth, waterless hand cleaner paste for oil, grease and grime removal with a pleasant almond fragrance. Contains lanolin to prevent dry skin.

30 HANDY GRIT

A waterless hand cleaner containing ground pumice for extra abrasion to remove heavy oil, grease, grime and ink. Has a pleasant almond fragrance. Contains lanolin to prevent dry skin. Will not block drains.

31 MEDISOFT

A pleasantly fragranced handsoap for use in handsoap dispensers.

32 PINK HANDSOAP

A mild handsoap with antibacterial properties for everyday use. Suitable for use in all public areas. Lightly fragranced.

ENGINE CLEANING, PARTS DEGREASING & MACHINE MAINTENANCE

33 ATOMIC DEGREASER

A powerful, powder detergent and degreaser. Water soluble and ideal for all industries using water based and soak tank degreasing, including vehicle and mechanical workshops.

34 ALUMINIUM CLEANER

An acid based cleaner and brightener for aluminium and stainless steel. Highly effective in removing oxidation from aluminium parts and vehicle bodies. Dilute with up to 6 parts water.

35 BLAST OFF

A solvent based, ready to use engine cleaner, parts washer and floor degreaser. It contains an emulsifier which enables rinsing off with water after degreasing. Use as supplied.

36 BLAST OFF D

A solvent based, ready to use engine cleaner, parts washer and floor degreaser. Contains a solvent booster. Fully emulsifiable which enables rinsing off with water after degreasing. Use as supplied.

37 BE369

An excellent all surface cleaner and degreaser, ideal for heavy duty applications, which contains only biodegradable raw materials and is environmentally friendly. Dilute with up to 50 parts water.

38 BE50

An effective, general purpose cleaner and degreaser for all applications, which contains only biodegradable raw materials and is an environmentally friendly, economical detergent. Dilute with up to 20 parts water.

39 BE501

A heavy duty cleaner and degreaser for removal of grease and grime from all surfaces. Dilute with up to 50 parts water.

40 BRAKE CLEANER

A solvent based, fast drying brake drum and disc cleaner. Use as supplied.

41 BRASSGLO

A liquid brass cleaner and polish. Use as supplied.

42 CARBON REMOVER

A cresylic acid, solvent based carbon remover, degreaser and paint stripper for metal parts. Use only in soak tank operations. Add water seal to avoid evaporation. Use only in cold soak cleaning.

43 CD19

A non-flammable, solvent electrical cleaner and degreaser. Suitable for all metal and electrical motor cleaning. Flash dries without residue.

44 DISSOLVE

An alkaline, medium duty solvent detergent, specially formulated to dissolve oils, grease and grime from all surfaces, and may be used in hot and cold water pressure cleaners. Dilute with up to 20 parts water.

45 DERUST

An acid based, light rust remover. Used for derusting of all metals and cleaning and removing oxidation from all aluminium surfaces. Use as supplied.

46 ELECTRO CLEAN FD

An electrical motor cleaner and degreaser. Fast drying and leaves no residue. Does not attack plastic. Flash point of 65°C. Conforms to SANS Type 4.

47 ELECTRO CLEAN STD

An electrical motor cleaner and degreaser, especially for use in areas where a slower drying time is required. Flash point of 65°C.

48 EMC

A solvent based electrical motor cleaner and degreaser. May harm certain plastics.

49 ENGINE CLEANER

A ready to use, solvent engine cleaner. Fully emulsifiable with water.

50 G3

A powerful, emulsifiable solvent degreaser for the removal of tar, bitumen, wax and latex by-products. A heavy duty workshop floor cleaner. Ideal for cleaning cement pavers and service station forecourts.

51 GREASE EATER

A strong, emulsifiable solvent degreaser for the removal of oil, grease and workshop grime from engines, chassis, parts and floors.

52 GREASE EATER (WATER BASED)

A highly concentrated, water based degreaser, ideal for cleaning engines, equipment, floors etc. Dilute with up to 500 parts water.

-  **53 HD100**
 A heavy duty cleaner and degreaser. It is a powerful and highly effective degreaser for dissolving of heavy oil, grease and grime from all surfaces. Can also be used in hot or cold water pressure cleaners. Dilute up to 100 parts water.
-  **54 LASERWASH**
 An economical, water based detergent for high pressure cleaning and degreasing. Very effective for removal of oil, grease and grime from all surfaces. Use in hot and cold water pressure cleaners. Dilute with up to 40 parts water.
-  **55 MAXI FOAM**
 A highly effective, all surface, heavy duty cleaner and degreaser for heavily soiled areas. For the dissolving of heavy oil, grease and grime from engines, machines, floors etc. Dilute with up to 40 parts water.
-  **56 PARTS WASHER** 
 A ready to use solvent parts cleaner.
 Fully emulsifiable with water.
-  **57 PENETRATING OIL AEROSOL**
 An aerosol moisture displacer, mild rust remover, water repellent and penetrating oil.
-  **58 PENOIL FG FOOD GRADE LUBRICANT** 
 A chain and roller lubricant, light rust remover, rust inhibitor, penetrating oil cleaner and degreaser.
 Economical replacement of aerosol use.
-  **59 PREPCLEAN**
 An economical, water based, all purpose cleaner and degreaser for removing marks and soiling from all surfaces.
-  **60 POWDER DEGREASER**
 A non-caustic, powder degreaser for soak tank degreasing. Best used in a heated tank. Suitable for floor degreasing and cleaning. Use 4kg to 100L of water.
-  **61 RUST REMOVER**
 A concentrated, acid based rust remover for mild steel.
 Use product as supplied.

-  **62 SOLVENT HF** 
 A degreaser for all metal parts, with a long tank life for cold soak tank degreasing and parts washing machines. Can be used for in situ parts and engine cleaning. Safe on paintwork, plastics and cables. Flash point of < 85 °C. Supplied emulsifiable or non-emulsifiable.
 (where separator tanks are in place)
-  **63 SS DEGREASER**
 A cold soak tank degreaser for heavy duty cleaning. Fully emulsifiable with water and rinses off easily.
-  **64 SSD DEGREASER** 
 Similar to SS Degreaser but with a diesel additive to slow down evaporation when used in a soak tank.
-  **65 STEELGLO**
 An oil based product to clean and polish stainless steel. Use as supplied.
-  **66 SUPERCHARGE**
 An eco friendly, super concentrated, heavy duty cleaner and degreaser which contains a citrus extract. Cleans all washable surfaces that are heavily soiled. Dilute with up to 500 parts water.
-  **67 TAR & BITUMEN REMOVER** 
 A powerful, emulsifiable solvent degreaser for removing tar, bitumen, wax and latex by-products. Use as supplied.
-  **68 TRAFFIC FILM REMOVER**
 A powerful, water based degreaser and cleaner, ideal for engine and chassis cleaning, degreasing of oil, grease and grime from workshop equipment and floors. Also excellent for cleaning of vehicles and removal of road grime residues. Dilute with up to 60 parts water.
-  **69 TK31** 
 A slow drying electrical cleaner, with a high flash point of < 98°C. Safe on plastic, Glypol coating, varnishing etc. Use as supplied.
-  **70 VARIKLEEN T**
 An economical washing powder especially formulated for the washing of tarpaulins and canvasses.
