

# INDUSTRIAL CLEANING SOLVENTS & DEGREASERS

MADE WITH  
**BIODEGRADABLE**  
RAW MATERIALS

Since the levels of perfumes and dyes incorporated in our products are minimal, it is deemed that the final dilution of the ingredients should not be harmful to the environment.

**FLAMMABLE**  
SUBSTANCE

Certain products contain flammable substances. This icon indicates that the product has been deemed flammable.

**LIQUID VOLUMES** 5L (x4) | 25L | 210L **DRY POWDER VOLUMES** 5kg | 25kg

## WATER BASED DEGREASERS

### 1 BE369

An environmentally friendly detergent and all surface cleaner. Contains only biodegradable raw materials that are approved for use in all food processing plants. Dilute with up to 100 parts water.

### 2 GREASE EATER (WATER BASED)

A highly concentrated, water based degreaser that cleans vinyl and plastic garden furniture, sinks, engines, pots, pans, mags, equipment and garage floors. Dilute with up to 500 parts water.

### 3 MAXI FOAM

A concentrated heavy duty, water based degreaser. Excellent for the removal of soot and fire damage residue. Dilute with up to 60 parts water.

### 4 STONE CLEANER

An acid based cleaner for removal of oils and greases from workshop floors. Effective in the removal of cement residues. Dilute with up to 5 parts water.

### 5 SUPERCHARGE

A super concentrated, heavy duty, water based, general purpose cleaner for all washable surfaces. Contains a citrus extract. Dilute with up to 500 parts water.

### 6 TFR

A powerful water based degreaser and cleaner ideal for chassis cleaning and the removal of road grime residues. Dilute with up to 40 parts water.

### 7 BILGE CLEANER

An emulsifiable water based degreaser for the removal of oil, fuel and other waste from ships' bilges.

## SOLVENT BASED CLEANERS

### 8 BLAST OFF

A solvent based, ready to use engine cleaner, parts washer and floor degreaser. It contains an emulsifier which enables rinsing off with water after degreasing. Use as supplied.

### 9 CARBON REMOVER

A cresylic acid, solvent based carbon remover, degreaser and paint stripper for metal parts. Use only in soak tank operations. Add water seal to avoid evaporation. Use only in cold soak cleaning.

### 10 CD19

Our premium, non-flammable solvent electrical cleaner and degreaser. Suitable for all metal and electrical motor cleaning. Flash dries without residue.

### 11 CD21

A non-flammable electrical cleaner and solvent degreaser suitable for areas where water cannot be tolerated. Dries faster than CD 19.

### 12 ELECTROCLEAN mk IV (Fast Dry)

A non-flammable electrical motor cleaner and degreaser. Fast drying and leaves no residue. Does not attack plastic. Conforms to SANS Type 4.

### 13 ELECTROCLEAN mk IV (Std)

Electrical motor cleaner and degreaser especially for use in areas where a slower drying time is required. Flash point of 48°C.

### 14 EMC

A solvent based electrical motor cleaner and degreaser. May harm certain plastics.

### 15 ENGINE CLEANER

A ready to use engine cleaner. Fully emulsifiable with water.

### 16 GREASE EATER

A strong, emulsifiable solvent degreaser for the removal of oil, grease and workshop grime from engines, chassis, small parts and floors.

### 17 PARTS WASHER

A ready to use solvent parts cleaner. Fully emulsifiable with water.

### 18 PENETRATING OIL AEROSOL

An aerosol moisture displacer, mild rust remover, water repellent and penetrating oil.

## SOLVENT BASED CLEANERS

### 19 SOLVENT HF

A high flash point < 85°C degreaser for all metal parts. Long tank life for cold soak tank degreasing and parts washing machines. Can be used for in situ parts and engine cleaning. Safe on paintworks, plastics and cables. Supplied emulsifiable or non-emulsifiable.

(where separator tanks are in place)

### 20 SS DEGREASER

Cold soak tank degreaser for heavy duty cleaning. Fully emulsifiable with water and rinses off easily.

### 21 SSD DEGREASER

Similar to SS DEGREASER but with a diesel additive to slow down evaporation when used in a soak tank.

### 22 TAR & BITUMEN REMOVER

A powerful, emulsifiable solvent degreaser for removing tar, bitumen, wax and latex by-products. Use as supplied.

### 23 TK31

A slow drying electrical cleaner with a high flash point of 98°C. Safe on plastic, Glypol coating, varnishing etc. Use as supplied.

### 24 VAPOUR DEGREASER

A specialised product blended for vapour degreasing tanks. A boiling point of 121°C. Long tank life and slow evaporation rate.

## HAND CARE

### 25 BARRIER CREAM

A viscous cream for hand protection against oils, solvents and harsh chemicals that penetrate the skin. Leaves no residue. Suitable for all skin types.

### 26 FIVE STAR HAND CLEANER

A paste type hand cleaner containing a mild abrasive for the removal of oil, grease and grime. Contains moisturisers for the protection of the skin.

### 27 GRIT HAND CLEANER

A non-perfumed hand cleaner, containing ground pumice for extra abrasion. Removes grease, grime and paint. Contains lanolin to prevent dry skin. Will not block drains.

### 28 HANDY

A smooth, waterless hand cleaner paste for oil, grease and grime removal, with a pleasant almond fragrance. Contains lanolin to prevent dry skin.

### 29 HANDY GRIT

Waterless hand cleaner containing ground pumice for extra abrasion to remove heavy oil, grease, grime and ink. Has a pleasant almond fragrance. Contains lanolin to prevent dry skin. Will not block drains.

## SPECIALITY PRODUCTS

### 30 ABSORB

A non-toxic, non-hazardous, biodegradable granular product, for the effective absorption of oils, grease, fluids, pesticides, blood and beverages. Absorbs up to 4 times its own weight.

### 31 PEATSORB

A lightweight, environmentally friendly product that absorbs or encapsulates hydrocarbons on contact rather than absorbing the oil through surface tension, including light and heavy oils, gasoline, diesel fuels, and even refined hydrocarbons like polyester resins and paint.

### 32 ATOMIC

A concentrated alkali powder degreaser for use in hot soak tank operations, bupi cleaners etc. Use 1kg to 100L of water. Can be used for degreasing and cleaning of workshop floors.

### 33 POWDER DEGREASER

A non-caustic powder degreaser for soak tank degreasing. Best used in a heated tank. Suitable for floor degreasing and cleaning. Use 4kg to 100L of water.
