

LAUNDRY

MADE WITH
BIODEGRADABLE
RAW MATERIALS

Since the levels of perfumes and dyes incorporated in our products are minimal, it is deemed that the final dilution of the ingredients should not be harmful to the environment.

FLAMMABLE
SUBSTANCE

Certain products contain flammable substances. This icon indicates that the product has been deemed flammable.

LIQUID VOLUMES 5L (x4) | 25L | 210L **DRY POWDER VOLUMES** 5kg | 25kg

ALKALINE BOOSTERS

1 ALKASOLV

Alkaline laundry booster to assist with the removal of heavy grease and grime. Use in conjunction with laundry powder. Use 1/3 alkasolv to 2/3 laundry powder.

2 ALKASOLV L

Liquid alkaline booster for extra stain removal power. Use in conjunction with laundry powder. Use 1/3 alkasolv liquid to 2/3 laundry powder.

3 CRATE WASH

An effective alkaline booster used to clean washing machines and piping on a regular basis.

4 MUSCLE

An additive which is used for removing greying out of linen. Can be used as a pre-soak or as an additive/alkaline in the washing process together with the washing powder.

BLEACHING AGENTS

5 BLEACH

A sodium hypochlorite based cleaner and stain remover for white items only. 5% active when packed. Use between 3 - 10ml per 1L of water. Store away from direct sunlight.

6 CHOP CHOP LAUNDRY

A blend of bleach and detergent formulated for the removal of blood, red wine, condiments and caffeine beverages on white linen only. A good stain remover for yellowing, suntan and cosmetic stains.

7 HYDROSAN

A liquid peroxide based, colour safe bleach. Product removes animal blood, mildew and fungi. Use as an additive in the laundry cycle.

8 KLEENSPOT

A concentrated organic chlorine powder for white items only. Very effective for blood, red wine and curry stains. Can be used as a pre-soak or together with washing powder in main wash. (also available in sachets)

9 OXYBRITE

A powder oxygen colour safe bleach, effective in cold water. Removes mildew and yellowing. Effective treatment for mud and grass stains. Can be used as a pre-soak, or an additive to laundry detergent in main wash.

10 OXYPLUS

A powder oxygen colour safe bleach for hot water. Fantastic stain removal for table linen. Can be used as a pre-soak, or an additive to laundry detergent in main wash.

11 WHITEWASH

A crystalline powder, dye stripper and bleaching agent. It can be used as a stain remover for yellowing and to whiten linen.

SPOTTERS AND DEGREASERS

12 BANISH

A liquid oxygen colour safe bleach effective in hot and cold water. Good treatment for synthetic material, i.e. wool, nylon, rayon, etc.

13 COLLARS & CUFFS

A liquid pre-wash spotter. Dilute with up to 3 parts water.

14 DYNAMITE

An environmentally friendly detergent, degreaser and spot remover. Removes soot from fire damaged material.
